

Free weekend parking available in Great Yarmouth and Gorleston over the Christmas period

Great Yarmouth Borough Council has announced dates for free weekend parking over the Christmas period.

As in previous years, free parking will be available over six weekends for the festive season. This year the offer has been extended to also include the Gorleston High Street car park.

Starting on the weekend of Saturday, November 22, the offer runs up to and including the weekend of Saturday, December 28.

It covers Brewery Plain, George Street, Fullers Hill, King Street, Market Place and Stonecutters Quay car parks in Great Yarmouth town centre, as well as the Gorleston High Street car park for Saturdays and Sundays on the designated weekends.

Howard Street car park (behind The Place) and Greyfriars car park are not included in the offer and normal charges will apply at those locations.

All car parks in the borough are free to park on between 4pm and 8am and overnight parking is permitted. Drivers are advised to check notice boards in car parks for what classes of vehicles are permitted and other terms and conditions.

Full information about parking in the borough is available online at <https://www.great-yarmouth.gov.uk/parkingandroads>
